

2016 *Trager*[®] CATALOG ADDENDUM

To allow students the choice of participating in the entire 246 hour *Trager*[®] Program at Discoverypoint, or joining us for a portion, we have separated our *Trager* Program into individual levels of training. These individual training segments are equivalent to Level trainings elsewhere in the *Trager* world. However, in comparison to other trainings, our program includes:

- **More time in the classroom** with instructors and colleagues receiving feedback
- **A comfortable pace of attendance** with 1 class per week, plus one weekend per month
- **Required tutorials** for Levels 1 and 2 scheduled within classroom time at no additional cost

Additionally, program costs have been adjusted to address rising tutorial and class instructional costs.

- The cost of the **entire Program** is **\$4,920**.
- Participants that enroll for the entire training program from the start, receive a **\$300 tuition discount**.
- **Individual Level class & cost breakdowns** are as follows:

○ Level 1 Training	15 classes	Oct- Dec	\$1800
○ Level 2 Training	13 classes	Jan-Mar	\$1560
○ Level 3 Training	13 classes	Mar-May	\$1560

- While still recommended, there is no longer a requirement for 4 professional sessions
